AT BLUE ELEMENT 2024

WE INVITE YOU TO

**BLUE
ELEMENT**

NOVEMBER 2026

You are cordially invited to the **Blue Element freediving competition** with **Freedivers United**

Founded in 2015, **Blue Element** is the original freediving platform and school in Dominica. Home to warm Caribbean waters and a perfectly protected bay, this is the ideal spot to push your limits and set records on the world stage. No waves, no current, no limit

This November we return again with **DIVEYE**

MISSION: CREATE THE
BEST SPACE FOR YOU TO
COMPETE AND TRAIN

VISION: BECOMING
THE BENCHMARK FOR
COMPETITION SAFETY
AND FREEDIVING
EXPERIENCES

We work with leading industry professionals in the field of freediving medicine and safety.

TRAVEL

Getting to Dominica

Dominica is one of the Caribbean's most beautiful and unspoiled islands, despite its secluded feel, getting here is straightforward with a range of regional flight and ferry connections.

By Air

All international visitors arrive via **Douglas–Charles Airport (DOM)**, located on the island's northeast coast.

Regular flights connect Dominica with major Caribbean hubs including:

- **Antigua (ANU)**
- **Barbados (BGI)**
- **Guadeloupe (PTP)**
- **Martinique (FDF)**
- **Puerto Rico (SJU)**
- **St. Maarten (SXM)**
- **Miami (MIA)**

Travelling from the UK & Europe

The most convenient routes are typically via Antigua, Barbados, Guadeloupe, or Martinique, followed by a short regional flight to Dominica. Most guests find Antigua and Barbados offer the easiest connections from Europe.

Travelling from North America

Direct service is available from Miami, while travellers from other North American cities can connect through Puerto Rico, Antigua, or Barbados.

By Ferry

For those already travelling within the Caribbean, high-speed ferry services operate between:

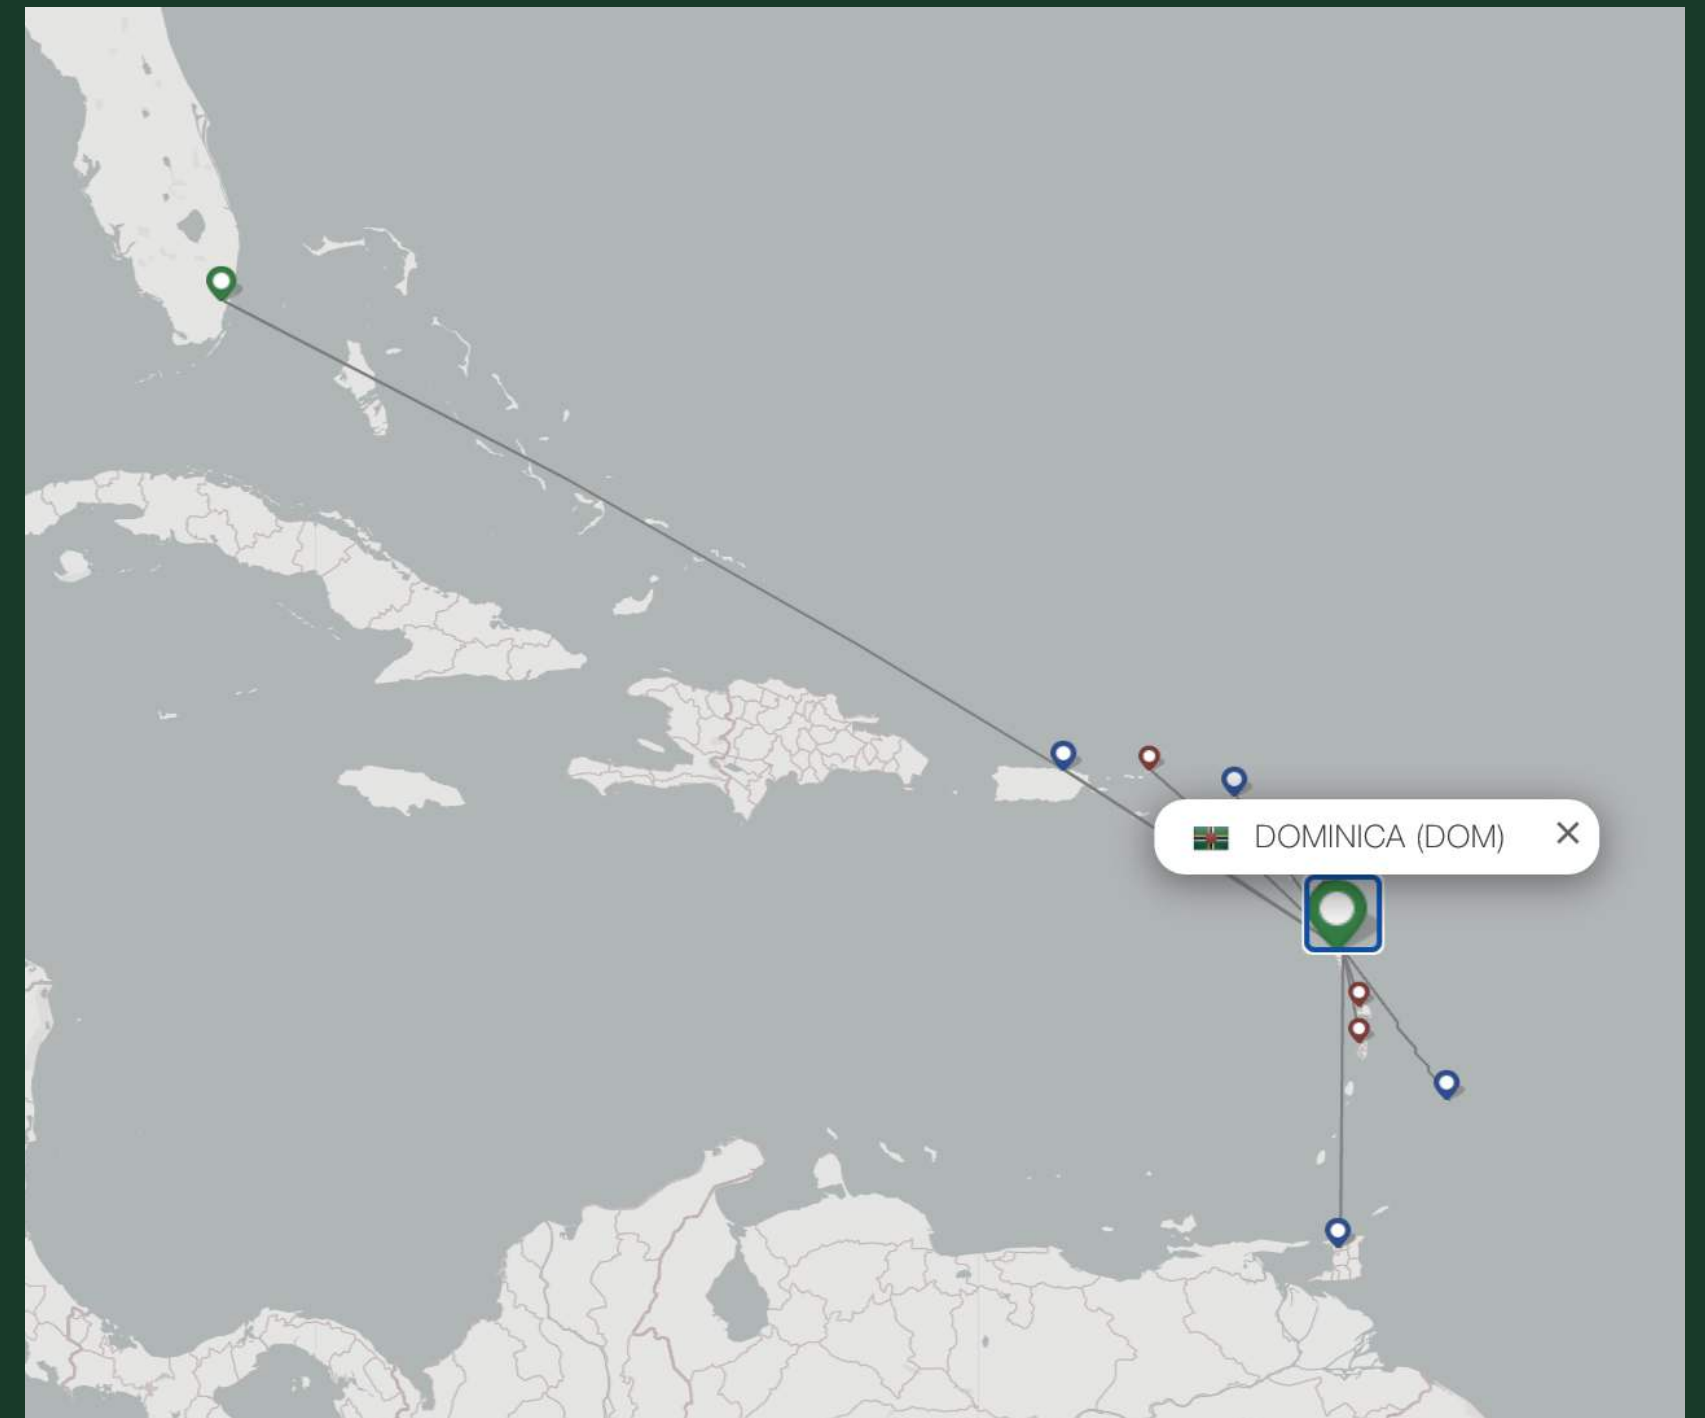

- **Dominica and Martinique**
- **Dominica and Guadeloupe**

This can be an excellent option for travellers wishing to combine their visit with other Caribbean destinations.

Travel Tips

- ✓ Book flights as early as possible, particularly during peak travel periods.
- ✓ Allow extra connection time when travelling through regional Caribbean hubs.
- ✓ Consider arriving a day before the event begins to allow for any travel delays and to settle in before the programme starts.

If you require assistance planning your journey, our team will be happy to help recommend the best route from your departure location.

We look forward to welcoming you
to **Dominica**

SEE YOU SOON
